CHCA Course Description

The Intensive Chart Auditing Practicum was designed for both the experienced auditor, for those desiring to move into the health care auditing arena and for clinical and compliance professionals. The program is also geared to those individuals, interested in becoming Certified in Health Care Chart Auditing (CHCA) for professional services

Gain knowledge and learn with hands on experience from a team of nationally recognized auditors and educators. This one of a kind program has been a collaborative effort developed by the Association of Health Care Auditors and Educators and is designed to provide critical elements needed for accurate medical record chart auditing. Here are just a few key points our audit team will teach you;

- What the OIG (Office of Inspector General) is looking for when investigating physicians and facilities through audits
- Compliance plans require auditing and monitoring. Learn what your practice / facility needs to perform this critical step
- How to determine your audit scope, define your audit parameters and create a valid statistical sampling utilizing the governmental RATSTATS program
- Build your skill level through auditing principles and application by dissecting numerous hand written, electronic, template driven and other various medical record documentation formats
- Go away with correct interpretation and application of CMS regulations and the 1995 and 1997 E/M Documentation Guidelines
- Explore and become familiar with pertinent regulatory information critical to accurate and compliant auditing. Understand the audit process from start to report development and delivery
- Essential communication skills for the auditor will be taught to assist you in explaining and backing up your results from a private and regulatory perspective
- OIG imposed CIA (Corporate Integrity Agreements) and the required audit parameters and reporting processes
- RAC (Recovery Audit Contractors) audits are ongoing across the United States - learn how to audit to appeal when necessary
- CERT (Comprehensive Error Rate Testing) direct from CMS—get the birds eye view so you'll know what's going on in the industry
- Attendees at this CHCA intensive chart auditing practicum will receive a significant discount to attend a future Surgical Intensive Practicum (CHCA-S) or Facility based practicum (CHCA-F).
- Networking and breakout audit round tables to dissect and discuss various case examples will allow attendee's additional hands-on auditing and reporting experience and much, much more!

Comprehensive Chart Audit Tool Kits!

Besides the intensive training with our expert audit team, you'll also receive everything an auditor needs in our comprehensive AHCAE Chart Auditing Tool Kit and Chart Auditing Resource Manual and CD/USB. You'll be able to use these tools when you get back to your office to start auditing immediately!

“Intensive Chart Auditing Practicum”

Your instructor audit team(s) have over 85+ years of collective health care experience. These are just three of the AHCAE instructors. All of our instructors are certified through the Association of Health Care Auditors and Educators (AHCAE), and are certified in coding and compliance through various associations. A typical practicum often includes 2-4 instructors.

By using this unique team approach, these intensive 3 or 4-day programs will allow you to gain tremendous knowledge from your instructors and will assist you in avoiding costly mistakes frequently made throughout the industry. How better to learn than by those who are in the auditing trenches on a day to day basis.

A Few AHCAE Faculty

Susan Garrison

Susan Garrison, CHCA, PCS, FCS, CHC, CPC, CCS-P, CPAR, CPC, CPC-H

Susan is the Executive Vice President of both Med Law Advisors and the healthcare consulting division of Magnus Confidential, Inc. As a consultant to hundreds of healthcare providers, legal teams, accountants and related organizations, Susan has assisted clients in all facets of documentation, coding, billing, compliance, and litigation needs. With over 25 years of experience in healthcare management, Susan held prior positions of Senior Manager of Outpatient Consulting Services with the 3M Company, VP of Accounts Receivable Management with MedPartners, VP of Outpatient Consulting Services with Healthcare Management Advisors, and Fair Hearing Officer for Georgia's Medicare Carrier. She has also served as Past President of the AAPCs' National Advisory Board and is the Executive Director of Education for the AHCAE.

Robin Linker

Robin Linker, CHCA, CHCAS, CPC-I, CPC-H, CCS-P, MCS-P, CPC-P, CHC

Robin is CEO of Robin Linker & Associates, Inc. a nationally known healthcare consulting firm and Executive Director of Operations for the Association of Health Care Auditors and Educators (AHCAE). With over 30 years in healthcare, she provides consulting, auditing, research and education in practice management, compliance, correct coding and billing. She is an experienced ICD-10 trainer since 2004, and is a former member of the Physician Education, Training and Advisory Group (PETAG) for CMS. She is the former Director of Education and Technical Development for the AAPC and is a speaker for the American Medical Association on CPT and ICD-10. Robin is an author and member of the National Speakers Association and has provided hundreds of seminars and educational sessions throughout the 50 states. She provides case support services to legal entities and is an experienced IRO assisting with OIG mandated Corporate Integrity Agreement.

Susan Thurston

Susan Thurston, CHCA, CPC-I, CPC-H, CPC-P, CCS-P, CMM, MCS-P, CHCO

Susan is the former Director of Clinical Content for Contexo Media and CEO of Coder's Connection Inc., a healthcare consulting firm. She holds a Masters in Curriculum Design and has been adjunct faculty for College of Eastern Utah, Colorado Mountain College, Western Colorado Area Health Education Center and Mesa State College Utech campus. She is the former Director of Education for the Association of Health Care Auditors and Educators and is an AHCAE instructor. She is certified through AHCAE, AAPC, ARHCP, AHIMA, PAHCOM, MCS-P and is a Certified Healthcare Compliance Officer. Susan has worked in the medical field for over 38 years and provides education and compliance services to physicians and organizations.

"Intensive Chart Auditing Practicum"

Chart Auditing is essential to risk reduction, compliance and a healthy bottom line.

Auditing provides proof of services rendered and lends assistance to areas in need of improvement.

An investment you cannot afford to miss.
